PROFILE

A highly motivated and hardworking individual, I am currently a second-year student enrolled in a Computing - Software Engineering course at the University of Northampton, UK. I am willing to prove outstanding technical and personal skills, currently developing knowledge in C++, having previous experience in HTML, CSS, JavaScript, Java, SQL. My career goal is to become a fully-qualified and experienced software engineer/developer for a well-respected and market-leading company.

KEY ACHIEVEMENTS

- Valedictorian in high school (2010-2014), final grade 9.75 / 10;
- I won a national competition organised by Erasmus with a project referred to the European Union by conceiving a law regarding student rights in Europe. I spent few days at the European Union Parliament in Strasbourg debating and doing projects with students all over Europe;
- I took 4th place at the nationals for Theory in Sports, grade 9.60 / 10;
- As a leader of my school I spent one week in Jaen (Spain) living with a local family where I had numerous activities at the local school.

EDUCATION & QUALIFICATIONS

- University of Northampton – BSc Computing Software Engineering (ongoing);
- Sports Highschool – 23 subjects studied in 4 years with grade 10 each (maximum);
- Romanian Baccalaureate – 8.38.

KEY SKILLS

Communication skills

- Excellent written and verbal communication skills (Romanian and English);
- Speaking in public, to groups of 20-1000 people (e.g. different projects at both European Parliaments, teaching, conferences, etc);

Organizational / managerial skills

- Leadership abilities (gained after managing lots of groups and running team projects);
- Professionalism (never skipped a day out of work);
- Team player;
- Ability to prioritize independently;
- Effective multitasking;

Job-related skills

- HTML, CSS, Java, SQL;
- Event planning;
- Mathematics.
